"As I See It"

By LANGLOIS

In the spring a young man's thoughts turn lightly to,—Nope, not these days. They turn to the highways, and means of transportation. I know, because of having a son that age, who also has a group of pals his years around him, The subject of conversation always turns to cars, hotrods or what have you. I went through this ten or more years ago with our oldest boy. For a year now this spasm with the second boy has been going on.

When that began, I knew the answer, having been young once myself though at that time it was a silver mounted saddle that occupied my thoughts day and night.

When it came up this time, I thought I had the answer. I still do. I told that young man: 'Son, you can have a car when you pass a driver's test, prove to me that you can drive with a fair degree of sense, and last, but not the least, when you have saved enough cash to pay for said car." I did not for a minute underestimate this young man, but I was not prepared for the speed which he took me up and delivered.

He no doubt will have his clunk soon. In view of this, I am now giving him, and his associates advice. Some Greek said; never give advice—a wise man don't need it, a fool won't take it. Come to think of it, this sets me in my place too. Well, no matter, as a fool I won't take the advice.

Now, all of you with vacations on the brain, plus a new car or a good(?) used car, listen to me. The old saying in horse trading days; "fat is a pretty color" applies to a good paint job on a clunk, with a set-back speedometer, and 150,000 miles under its belt, a crank case full of 600W and sawdust packed in the rear end.

The first lesson is, you can't get something for nothing. A used car is only as good as the firm that retails it. When you go to a reputable dealer, and look over his stock, the eye falls upon a fair looking heap, with the price on the windshield, let us say $615. You rise in wrath and inform the salesman, "Why I saw a better looking job than that at so and sos for $495!" And you leave in disgust and full of wisdom and buy the $495 from some outfit that has just opened a used car lot, and who won't be there very much longer. You drive away with your relic. It performs like a dream till you get home. Next morning you step on the starter. No soap. You get a neighbor to push you, and chug your way to the nearest service station. He looks at battery and tries his gizmo on it. Result, no bananas. You buy a new battery.

It still doesn't sound so good, for some reason or other, but you start out anyway, and when you are half way between Julian and Ramona, a tire goes flat. Getting out your tools, you take this doughnut off and find it was a smoothie that had been grooved to look like a new one. It's about as thick as cigarette paper. You put on the spare and on taking the jack down, it settles with a sigh. Another flat. There you are, no pump, no patches, no nothing. Anyhow, before three months go by you put in a set of oil rings, new pinion gear in the rear end, a new manifold, four tires, a new radiator core, and you still have nothing.

Moral is don't go by the price or paint job. Go by this main basic fact. Does the dealer have a new car agency? How long has he been in business? What is his reputation?

When you want a used car of a special make, go to an authorized dealer of said make. These dealerships are not easy to obtain. To have and hold one means a solid business standing in the community. That means protection for the purchaser.

But, when you go out chasing used car joints, be sure you do some checking up if they are not an agency for new cars.

Boys, have I been taken! I remember after the first World War, when I bought something called a Briscoe, and bowling along down the San Fernando Valley, the radiator fell off. I think it was fastened on with two safety pins.

I'd like to tell you some time about the Owen Magnetic that had push buttons on the instrument board to push or pull when you shifted, instead of a gear shift. I was on South Main st. in Los Angeles, at Venice blvd., waiting for the light to change. Had just unloaded a can called a Crow Elkhart on what I thought was an unsuspecting dealer, and wanted to get away in a hurry. The light changed; I pulled the button and tramped on the gas. Unfortunately, it was the reverse button. I banged cars for a mile back.

Oh, all the fun I've had with Dorts, Velies, Moons, Elcars, the Mitchell, E. M. T. and an untold number of others!

Will tell you more some other time.

Meeting To Organize Kiwani-Annes Club

To encourage the formation of a Lakeside Kiwani-Annes Club, a supper dance will be held next Wednesday evening by the Kiwanis Club.

The affair will be at the Catholic Recreation Hall and during the evening it is expected that preliminary steps will be taken to organize a Kiwani-Annes Club.

"It is vital to the success of the activities of the Lakeside Kiwanis Club that the Kiwani-Annes be organized as soon as possible," President Elmer M. Walker said this week.

June 5 will be known as Lakeside Day at the Greenwood Memorial Park and Mausoleum. Under the auspices of the Lakeside Kiwanis Club a tour of the park has been arranged on that day.

It is a War Memorial Building Benefit and for every adult from this community that registers at the park on that day, the management will pay 50 cents to the club treasury, which in turn will be given to the War Memorial Building Fund.

The tour will begin at 2 p.m., and a caravan will leave Lakeside an hour earlier. Those desiring transportation or having room for additional passengers, will meet at Barkers Market parking lot before 1 o'clock.

Anyone in the community interested in making this educational tour is invited to come along.

The program at next Wednesday's luncheon of the Lakeside Kiwanis Club will be in charge of the East San Diego Club. it is announced by Allen G. Mitchell, program chairman.

Prompt Action Follows Talk About the Weather

Never underestimate the power of a woman to take, or make, a joke, avers Fred Kemp, cashier of the Lakeside Valley Commercial & Savings Bank.

He was impressed with this fact Tuesday morning when the four young ladies employed in the bank — Misses Phebe Ann Richey, Madeline McLaughlin, Elaine Jones and Mrs. Alice Carsrud came to work in bathing suits.

Before the stunned Mr. Kemp recovered sufficiently to say more than "Oh, no! . . . d'ya mean you're going to wear th— . . . " the girls quieted his fears.

It all grew out of a remark, they said, he had made the day before that it was too warm for comfort and that "smart girls would wear bathing suits to work."

The Star reporter, called to the bank by Mr. Kemp immediately agreed the idea was a good one, and left to get a camera. But when he returned, unlucky one, the act was over, bank opening time had come, and all was back to normal.

She plans to have a card game at her home every two weeks until the Lakeside "Days of 49" celebration. The "Easy Aces" card club, to which she belongs, will also donate their prize money to the Building Fund. The total votes from both parties will be credited the candidacy of Pat Kuhner, Mrs. Kuhner's granddaughter, for 49er Queen.

Clarence Foster Re-elected Trustee

A special meeting of the Board of Trustees of Grossmont School District was held at the school Wednesday evening for the purpose of making an official canvas of votes cast at last week's election and to open bids on the girls' physical education building.

Following is the vote tabulation:

Foster	901
Hall	850
Adams	654
Snodgrass	339

Edward G. Monti, a 'write-in' candidate, received 5 votes.

The election left the line-up of trustees without change: Clarence Foster, chairman, of Lakeside; Rex Hall and C. C. Cooper of El Cajon; C. A. Beagle and L. L. Freeman of La Mesa.

Edw. Monti Elected

In a surprise vote at Santee, Edward J. Monti, real estate broker, was elected by a write-in vote over incumbent school board member Harry Elam.

The official count was not available at press time.

Shakeup at Ramona

Due to differing opinions as to how the Ramona School District should be conducted, the recent school election was the most hotly contested one ever held in Ramona, it was reported this week.

Out of a total registered vote of 1300, approximately 1100 citizens voted.

The results given the Star were:

Elliott	607
Deekes	573
Fansher	506
Gilmore	512

It is reported that Eugene Hogan, president of the school board, tendered his resignation.

Formal Opening for Winter Gardens Store

The Winter Gardens Store, owned by Fred Thiesen, will have its formal opening Friday, and Saturday of this week.

This large and attractive market was built almost entirely by Mr. Thiesen, who even hauled the sand to make his own blocks.

The store has a large oiled parking lot for the convenience of customers.

A complete line of groceries, meats, fruit, vegetables, as well as beer and wine, is carried.

$1200 Available for Recreation Program

A sum of $1200 will be available for summer recreation in Lakeside, it was revealed at a meeting of the Lakeside Recreation Association last night (Wednesday).

Apportionment of the funds has not been made, but it was indicated a substantial amount will be allotted to daytime activities for youngsters of grammar school age.

Softball will again be sponsored by the Association, with Clary Pratt, softball commissioner, as last year.

All softball teams desiring to use the field in Lakeside are asked to contact him.

Clarence Foster was elected president of the Association and Bob Philbrook, vice president. Other officers are Ray Damon, secretary; Clary Pratt, treasurer; Art Foster and Mrs. Meda Rosado, directors at large.

The Association will meet every fourth Wednesday.

Work started this week on the grading of ground for the new building at Santee School.

Corp. Norman G. Gillespie, U. S. A., of Crescent Park, N. J., recently returned from two years' duty in Japan was the dinner guest Saturday of Mr. and Mrs. Carl Holdway and daughter, Phyllis, who is attending State College.

$14,463 EXPENDED ON WAR MEMORIAL BUILDING TO DATE

At a meeting of the War Memorial Building Committee in Lakeside last Wednesday, it was decided to continue work on the building without the services of a contractor, as in the past.

Bill Chilvers, who has been under contract since the building started, will continue as superintendent of construction, hired by the day to oversee the work and secure material.

Under the new arrangement, the charge of 50 cents an hour for volunteer labor will no longer be made.

The total expenditure to date is $14,463.29, which is itemized as follows:

STATEMENT OF COSTS

Water assessments	$ 195.14
Paid labor	6,206.78
Construction fees to Contractor Chilvers	444.00
Donated Labor at 50c per hour	848.80
Materials Purchased	6,768.57
	$14,463.29

Contractor Chilvers furnished figures showing how the $848.80 service charge paid him for donated labor, was expended:

Compensation insurance	$ 35.06
Transportation	76.41
Paid for supervision of donated labor	305.64
Replacement of small tools	33.96
Maintenance on trucks, mixer and hoist	169.80
Depreciation on tools, truck and mixer	59.43
Other ins. liability	33.96
Taxes on equipment	16.98
Office work	117.56
Two year total	$848.80

A question was asked, how the War Memorial Building would be used when completed and if the veterans would have the sole say. A representative of the VFW said in reply that the veterans wanted it only one night a month and that a room to store veterans' regalia was all they asked for.

OBJECT OF DISTRICT

It was brought out that the object of a Memorial District is to keep the building off the tax rolls, not to levy a tax, although the directors have the power to tax not to exceed three mills on the dollar. It was explained that the community's business was to elect responsible directors as in the case of the soil conservation district, which has the power to assess a tax of two mills per dollar, but has never used it.

Due to filing too late, the names of the five directors originally selected, cannot be printed on the ballots but must be written in by the voters. It was recommended that the War Memorial District board of directors be increased to seven members and a large list of representative Lakeside community citizens have been contacted and expressed their willingness to serve, if elected. Including the five originally proposed, they are:

Clarice Andrew (Winter Gardens); Claude Weston (Lakeside Farms); Les Kephart (Eucalyptus Hills); Clarence Foster (El Monte Valley); Jim Haptonstall (Lakeside).

George Baird, attorney; Fred Mack, rancher; John Wilkinson, rancher-dairyman; Mrs. Gene Henry, Woman's Club; Milton Parfet, Farm Bureau; Bing Miller, Optimist Club; Elmer M. Walker, Kiwanis Club; Hart Dunham, rancher.

Voters will write in the names of the candidates of their choice.

It was decided to hold a public meeting before the election.

Mr. and Mrs. L. D. Wishart of Lakeside are the proud parents of an 8-pound, six ounce boy. Mr. and Mrs. R. G. Taylor are the proud grandparents.

MEMORIAL DIST. MEETING

A public meeting to endorse candidates for the Memorial District board of directors, will be held Monday evening, June 6, it was announced yesterday (Wednesday).

The meeting will be at the Community Church, at 8 p.m.

Children Welcome In Rental Units At Martin Ranch

"Apartment for Rent — Don't apply unless you have at least one child. — Mrs. Geo. F. Martin, Mission Gorge rd."

The above is the way an ad would read, if it were put in the Star, to rent one of the rental units on the Martin ranch.

There are none for rent, however, at the present time. All are occupied by veterans and their families and there is a waiting list for any vacancies that may occur.

Mr. and Mrs. Martin like children and they decided years ago that families would be one requirement for tenants in one of the four homes on the ranch; also for occupants of the 10-trailer camp.

The Martin ranch is one of the last on the Gorge road before it enters the east end of the canyon.

Until recently the Martins owned the Alpine Grove Cafe, a popular eating place on Highway 80. Mrs. Martin is now managing the Lakeside Inn Restaurant in Lakeside.

Mr. Martin has been at the Union Printers' Home in Colorado Springs since March, undergoing treatment for his eyes, preparatory to an operation. He has been in the employ of the Union-Tribune Publishing Company for 22 years and was formerly a president of the San Diego Typographical Union.

LOS ANGELES (Special) — A Columbia Church of the Air program, under the auspices of the Christian Science Committee on Publication for Georgia may be heard over KNX at 7 p.m., May 29. The subject of the address will be "For God So Loved the World."

Optimist Club Defeats Kiwanis at Softball

A net total of $165.26 has been added to the Lakeside War Memorial Building Fund as the result of last Friday night's softball and tug-of-war contests between the Kiwanis and Optimist clubs.

HELP WANTED!
OPENING FOR PITCHER

There was no truth to the report that the Kiwanians had two wives of members, warming up in the bull pen before they got the Optimists out in the sixth inning.

"That's ridiculous," said Prexy Walker this week. "We still had five men on the team who hadn't tried to pitch."

In spite of a chill evening, a large crowd was on hand, saw the Kiwanians win a ding-dong tug-of-war, but lose the ball game after a belated rally. The Optimists took the game, 11 to 7 and with it the lion's share of votes for Miss Barbara Morton, their candidate for queen of the Lakeside Days of 49.

For purpose of vote-counting, the evening's receipts were divided as follows:

Tug of war (Kiwanis)	$27.92
Optimist	12.89
Ball game (Kiwanis)	$37.18
Optimist	86.77

The queen candidates received:

Votes—Bettie McClain	6,610
Barbara Morton	9,916

Income for the evening:

Memorial badges	$60.64
Radio	61.60
Stand	43.02

Stan Conant and Otis Barker were co-auditors of the evening's receipts.

Assisting in the refreshment booth were Mr. and Mrs. Neil Langlois, and Mmes. Rowe Miller, Chuck Kushera, Trig Stewart, Wilson White, George Baird, Bing Miller and Thomas Barkdull.

The Optimists got an early advantage as the rope tightened in the tug of war and lead man on the Kiwanis team, Orville Huffman, was about to step into the mud puddle, when the Kiwanis forward march suddenly halted, the scales balanced evenly, then the Kiwanis pullers seemed to get their second wind, the tables were reversed, and it was the Optimists, not the Kiwanians who gingerly stepped through the mud.

In the baseball game, it was a different story, with the Optimists never relinquishing their early lead.

Bill Root, Optimist pitcher, had the game well under control in the nearly five innings he labored, allowing no hits and striking out 8.

Bill's effectiveness was a carry-over from the days when he pitched in class A and BB softball leagues in San Diego, for the McNeill's Plumbers and Glen's Ideal Stores.

Leonard Higgins took over when Root retired in the 5th.

Eddie Harrison was lead-off Kiwanis pitcher, followed by Willie Ames, Earl Barker and Jim Haptonstall.

Star RECIPE CLUB

121 W. Laurel St., Lakeside, Cal.

Lakeside is fortunate in having a bakery, that has been working practically around the clock to take care of local needs during the bakery strike in San Diego. Some housewives, however, have revived the almost-lost art of bread making; others have baked muffins, rolls, biscuits, etc., in greater quantities than for months past. Here are a few more substitutes for the standard loaves:

Nut Bread

(Bobbie Hoagland)

3 cups flour
1 cup sugar
1 teasp. salt
1 egg
3 teasp. baking powder
1 cup chopped nuts

Sift dry ingredients; add nuts. Add milk to make stiff dough. Form into loaf, moisten top with milk, let rise 15 min. Bake 350 deg. 50 to 60 min.

Apricot Nut Bread

(Mrs. M. F. Anderson)

1½ cups apricot pulp
½ cup walnuts
2 tablesp. butter
½ cup sugar
1 egg
1 cup sour milk
2½ cups flour
3 teasp. baking powder
1 teasp. salt
½ teasp. soda

Mix and bake in a loaf for 30 min. at 350 to 400 deg. F.

Banana Party Bread

(Mrs. R. Gustatter)

1¾ cups sifted flour
¾ teasp. soda
1¼ teasp. cream of tartar
½ teasp. salt
1/3 cup shortening
2/3 cup sugar
2 eggs, well beaten
1 cup mashed ripe bananas (2 or 3)

Sift the flour, soda, cream of tartar and salt together three times. Rub shortening to a creamy consistency. Stir sugar a few tablespoons at a time into the shortening and continue stirring after each addition, until light and fluffy. Add eggs and beat well. Add flour mixture alternately with bananas, a small amount at a time. Beat after each addition until smooth. Pour into a well greased loaf pan and bake in a moderate oven (350°) about 1 hour or until bread is done. Add ½ cup coarsely chopped nuts, 1 cup chopped dates or 1 cup seedless raisins if desired.

Men To Work In Variety Show Ballet

Local merchants in the role of ballet dancers, and wearing bathing suits styled in the Gay Nineties, will be part of the uproarious comedy of the Variety Show and Parade of Quartets to be presented July 12 at the Lakeside Theater.

The show is under the direction of the Lakeside chapter, SPEBSQSA, and is a War Memorial Building Fund benefit, votes for which will be credited to Miss Phebe Ann Richey.

The "Moonlighters" entertained the Ramona Grange on Tuesday evening and contacted several "spark plugs" of that city in regard to the establishment of a chapter of Barbershop Singers there, with the Lakeside chapter sponsoring.

Raynor de Burn is in charge of the Lakeside Chamber of Commerce booth at the Lions' Country Fair at Gillespie Field, June 3-4-5. He asks all to cooperate in making the display an outstanding one.

Two Injured In Separate Accidents

Two residents of Lakeside Farms were injured in accidents recently. Martha Lee Dunham, age 6, pupil in the First Grade at Lakeside school, fell from the playground bars during the afternoon recess last Friday and broke both bones in her right arm. Mrs. Henry Herms, who was at the school at the time, rushed Martha Lee and her sister Mary Jay, Eighth Grade student, to the doctor's office, where the broken bone was set. On Monday Martha Lee, her arm in a sling, was back in school.

In the other accident, Otto Eickhoff, manager of the Star G Ranch, received a painfully cut and bruised right hand the first of the week when his fingers were caught in the blades of a lawn mower he was sharpening. He went immediately to the doctor's office, where the cuts were stitched and he was given a tetanus shot.

San Diego Physician Locates In Lakeside

Dr. Charles S. Lobel, M.D., is moving his office from the Medico-Dental Building in San Diego to 122 South Main st. in Lakeside. Dr. Lobel has been practicing for 25 years, much of that time in San Diego.

He and Mrs. Lobel hope to establish their home in Lakeside in the near future.

Telephone messages may be left for him, if outside of office hours, at the Lakeside Pharmacy.

VISITS COUSIN IN LAKESIDE FARMS

Mr. and Mrs. M. J. Brown of Maywood were visitors this week at the Charles Brown home in Lakeside Farms. M. J. Brown, a cousin, is circulation manager for the Los Angeles Herald Express. He is a sports enthusiast and is a pitcher on the mayor's softball team in Maywood.

PLANS COMPLETED FOR MAY FESTIVAL

The grounds and buildings of the Lakeside Community Presbyterian Church will be the scene of a May Festival, Friday, May 27, plans for which were completed this week by the Mariners Club and cooperating church circles.

Tables and chairs will be placed on the lawn, where the sale of food will start at 6:30. The committee in charge invites families to come early and enjoy hot dogs, soft drinks, coffee, ice cream and pie before the variety show starts at 8 o'clock.

A full hour of movies will be shown. There will be special musical numbers at 7, 7:30 and later. Entertainers include Virginia Jenkins with her electric guitar, a trombonist, the Moonlighters Quartet, a sextette from Lakeside School, and others.

There will be a grab bag, "white elephants" and a country store. The public is invited.

FOOTHILL FLASHES

By "PAT"

Fifteen — fifteen — do I hear more? That's about all the days we have left of our beloved school year of 1948-49 . . . and then three whole glorious vacation months. Oh, joy!

Wha-hoppened?? That would be what any stranger would say if he saw the G. H. U. S. students celebrating our first annual Hicks Mix Day. This is the day when all the chicks and chucks dress in their loudest and flashiest shirts and levis and really rule the roost at the Foothill Castle. Each club will have a concession or booth. The one sponsored by the G. A. A. is a booth where the students throw stuffed socks at the teachers (Oh, revenge is sweet!) It will be a minimum day, consisting of Olympic games, beard growing contest, comm. inauguration, and closing the day with a sensational comm. ball — a really vout dance lasting from 7:30 to 11:30. See you there.

Here goes another congratulation, along with the 100's of others received by Mrs. Merle C. Donohue on the outstanding vocal Spring Concert presented by the choral groups of Grossmont. This was the finest concert ever presented by a high school group, in the opinion of many people.

Thanx, along with a lot of pride, goes to our great track team that has taken all top track honors this '49 season! and placed third in the S. C. I. F. finals at L. A. last Saturday.

So, everyone, drag out your kattiest shirts and we'll see you sporting them at Hicks Mix Day!

Must we have a Tax District?

Readers of last week's Star know that a proposition is before the voters of this community to form a tax district for the completion of the War Memorial Building. A column by Mr. Langlois and a front page editorial both heartily endorsed the formation of the tax district. The impression was given that everybody is for a tax district, but I believe the issue is confused — that rather, everybody is in favor of the completion of our building—but that a majority of the people of Lakeside feel that our taxes are already too high, and that a tax district is not the way to complete the building.

The War Memorial Committee has worked long and hard to keep the building going. They are sincere and fine fellows. Thus, when they recommend that a tax district be formed, we know that there are good reasons for and advantages in their proposal. The problem every resident of the Lakeside School District faces is whether or not the advantages as pointed out would offset the danger of additional burdensome taxes.

As we all know, the proposed tax district directors would have the power to levy a three dollar a thousand tax on all real property, improvements, and personal property within that district. This phase of the proposal has been minimized in every argument for the district. Mr. Langlois points out that the increased tax on a cow would be possibly only thirty cents, implying that it is a mere nothing—but to me it seems unfair to expect the average dairyman to pay upwards of sixty dollars to the Memorial District each and every year from now on for the privilege of having his herd in that district. One dairyman told me that on the three mill basis his taxes would increase one hundred and twenty-five dollars a year. He is one of the heavy contributors to the building thus far—but will be opposed to it if it is no longer a voluntary memorial.

I know that the present committee is sincere in saying that they hope that they won't have to levy a tax of three dollars a thousand. However, by voting for the district, I am giving an as yet unknown group of directors the power to levy that tax. It would be the same as giving those Directors a signed check with permission for them to fill in the amount, simply because in the past it had been said they would write in only the amount needed.

If we vote for a War Memorial Tax District, we will kill the volunteer aspect of the building. We will be saying, "Here, Veteran, is your Memorial Building, delivered to you C.O.D." If that veteran can't, in possible depression times to come, pay the tax levied against his home or farm, his furniture and bank account, those things will be taken from him and be sold for Memorial District Taxes! These are the powers we are being asked to grant a board of five men! These powers will not cease with the completion of the building—they can tax us from now on!

No, I believe that a tax district is not the answer to the problem of the completion of the building. It is a dangerous proposal. It is asking the veteran to pay for a very sizable portion of his own "Memorial.' It kills the voluntary aspect of the project, which has already put $22,000.00 into the building.

Strangely, Mr. Langlois ended his column with the paragraph, "So in conclusion, Lakeside, let us make sure the tail does not wag the dog." That is also my request, Lakeside. Of the many people with whom I have discussed the proposition, all were for the completion of the Memorial Building, but less than one in ten believed the formation of a Tax District to be necessary or desirable. Some of those with whom I talked were listed by Mr. Langlois, with the implication that they were wholeheartedly in favor of the Tax District!

IS FEAR OF TAXATION TO DEPRIVE LAKESIDE FROM MEMORIAL DIST. BENEFITS?

It was brought out at the War Memorial building meeting last week that Soil Conservation Districts have the power to tax, but at least in the case of the El Cajon-Lakeside Valley Soil Conservation District, it is a power that has never been used.

Reason: The district is governed by a local board who believe taxes should be levied only when absolutely necessary.

The power to tax is as old as government. It has always been used and frequently misused, as in the case of minority pressure groups seeking advantages for the majority to pay for through taxation.

It is not too difficult for a California lawmaker to vote for a tax that people in Maine or Florida will help pay for. When that same tax burden would fall entirely upon the people of his own district, however, his vote for it would only be after the most careful consideration and after consultation with his constituents.

Those who oppose the Memorial District do so mainly because they oppose any increase in taxes. While the law gives the directors of a memorial district the power to levy a small tax, the board is not obliged to levy such a tax and those who have advocated the formation of a district, have stated that the main purpose of forming a Memorial District is to escape the payment of taxes, rather than the desire to levy a tax. Knowing the character of the men who have worked for years on this civic project, we believe they are sincere in making this statement.

Furthermore, knowing the character of the citizens whose names have been suggested as directors of the Memorial District, should it be formed, we believe that, should they feel it necessary to levy a tax, whether or not the tax was levied, and the amount of the tax, would be determined only after the expression of the wishes of the majority of people in the district.

In the meantime, the War Memorial Building would be protected against confiscatory taxation.

Coming: The Crated '8'

Based, no doubt, on the belief that all Americans, both men and women, acquired wartime skills with the monkey wrench, a Southern California manufacturer has announced that production is under way of an automobile to be sold knocked-down in kit form for assembly by the purchaser.

This doubtless will be welcome news to teenagers, thoroughly versed in the way of the hot-rod, but for the average person—no.

We once knew a man who ordered a garden cart from a mail-order catalog. It arrived knocked-down, with a booklet of "simple" instructions for assembling. Four hours, one bruised shin and two mangled hands later, the garden cart was all in one piece, but upside down. Its first and only trip was to the remote reaches of his basement and the "simple" directions were torn to shreds.

The crated "8" may be a coming thing, but we doubt that dealers on auto row have much to worry about.

CECIL B. deMILLE, Hollywood movie producer — "If you give up some bit of freedom for some temporary gain, you may find that you have signed a mortgage on all your freedom."

O. E. JOHNSON WORKS FOR CAUSE

O. E. Johnson of Bostonia is chairman of a committee of Bostonians who are getting out a booklet for distribution at the Lions Country Fair. Mr. Johnson's hard work on this project has called for this tribute from A. A. Perry:

There's a man in this town
Who surely get around;
He meets the boys and the gals so rare
And gets their ads for the Country Fair.
He works at it hard throughout the day—
All for the good of B. C. A;
But while he works he has lots of fun;
His name is O. E. Johnson, the son-of-a-gun!"

**SOMETIMES SOUR.
SOMETIMES SWEET,

He may have a greasy hat and the seat of his trousers may be shiny, and the banker may not be very well acquainted with his signature but if you see his children with their noses flattened against the window pane watching for him a half hour before he is due home for supper, you can go right ahead and trust him with anything you have.

* * *

I have only just a minute—
Only sixty seconds in it—
Forced upon me, can't refuse it,
Didn't seek it, didn't choose it,
But it's up to me to use it.
I must suffer if I lose it,
Give account if I abuse it.
Just a tiny little minute—
But eternity is in it.

* * *

The longer I live and the more I see
Of the struggle of souls for the lights above,
The stronger the truth comes home to me
That the universe rests on the shoulders of love.
A love so boundless, deep, and broad
That men have renamed it, and called it GOD.

SMILING WISDOM

Much tongue and much judgment seldom go together, for talking and thinking are two quite different faculties.

The man who wakes up and finds himself famous hasn't been asleep.

Vehicles are much like men; they make faster headway on the level.

The fellow who tries only to look on, soon won't have a look in.

You can't clean up in this world with soft soap. It requires grit.

Don't tell your friends about your indigestion. "How are you!" is a greeting; not a question.

SIGN LANGUAGE

When some drivers extend their arm out of the front window, it may mean a number of things, such as—

Knocking the ashes off his cigarette;

Going to turn to the left;

Pointing out a scenic spot;

Going to turn to the right;

Feeling for rain;

Going to back up;

Saluting a passing motorist;

Going to stop.

Christian Science Text Denounces Hypnotism

The Golden Text of the Sunday Lesson-Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, will be this verse from Isaiah: "The Lord God will help me; therefore shall I not be confounded: therefore have I set my face like a flint, and I know that I shall not be ashamed." "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" is the subject.

According to Matthew's Gospel Jesus said to his disciples, "Whom do men say that I the Son of man am? And they said, Some say that thou art John the Baptist: some, Elias; . . . He saith unto them, But whom say ye that I am? And Simon Peter answered and said, Thou art the Christ, the Son of the living God. And Jesus . . . said unto him, Blessed art thou, Simon Bar-jona: for flesh and blood hath not revealed it unto thee, but my Father which is in heaven. And I say also unto thee, That thou are Peter, and upon this rock I will build by church; and the gates of hell shall not prevail against it."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy writes, "Jesus did his own work by the one Spirit. He said: 'My Father worketh hitherto, and I work.'" "God controls man, and God is the only Spirit. Any other control or attraction of so-called spirit is a mortal belief, which ought to be known by its fruit,—the repetition of evil."

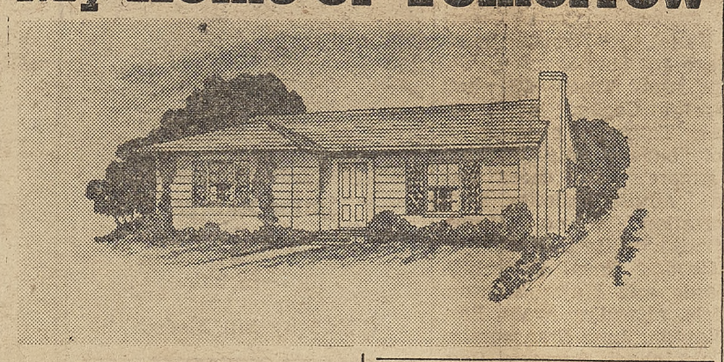
My Home of Tomorrow



By F. C. DIEDERICKS
Home Planning Editor

This five room house as many attractions which should appeal to the home builder. Its area is slightly over 1000 square feet not including the roofed rear terrace. Considerable attention on the part of the designer has been given to convenience and location. The rooms are all large.

LIVING ROOM

This very large room has many possibilities for decoration and furniture placement and with the full opening into the dining room and then onto the terrace seems actually to be even bigger than it is. For better arrangement on the inside of the room one very large window only is used on the front. With the direct passage to the rear ample light and ventilation is provided. The roof being gabled also leaves the possibility of using exposed ceiling beams over this room.

DINING ROOM

The dining area really serves in this house as the central hub. The other rooms and areas lead away from it. This is generally a very workable layout. Since informal dining is a main part of our everyday life this area is used more than realized. It is convenient, of course, to the kitchen and also to the terrace where summer dining is in order. Easily closed off by a drape or doors from the living room it can be used for party meals to be prepared without disturbing the guests. And finally, the entrance to the sleeping rooms is through the dining room. Placed in this room it makes the bedrooms and the bath readily accessible from the kitchen, patio, and rear yard without going through the living room.

KITCHEN AND SERVICE

The main feature of this kitchen is the extra large and long counter area. A sliding door seems best for the dining room entrance.

BEDROOMS

Both front and rear bedrooms are good sized and have wardrobes with sliding doors provided. Although for the sake of economy the rear bedroom can have a closet with standard doors. The hall is short and the bath room is located conveniently between the rooms. In the hall is the coat-storage closet and the linen closet is in the bath. The bathtub is located in a niche rather than under the window which is a highly desirable feature. Ample wall area in both bedrooms makes for the best possible furniture arrangement.

LOT SIZE

The lot size for this house should be at least 50 feet if the garage is to be reached by means of a side yard driveway. The width of the home is 36 feet and its depth is 32 feet overall. A short lot thus can also be used.

APPEARANCE

The lattice type shutters and the simple entrance doorway pleasantly combine with the wood siding and stucco of the exterior finish. The roof lines are clean cut and interesting, and the combination of the main gable roof and the front hip roof is nicely handled. The main body of the house is finished in stucco and the colors used should contrast somewhat to the wood siding color used on the front. The shutters and siding add much to the lines of the home and yet are not gaudy or overdone.

PLANS AVAILABLE

Building blue prints of this house, No. 547, including floor plans and elevations, are available at $7.50 for the first set, and $6.25 for each additional set, when ordered through this newspaper.

SAN DIEGO COUNTY HISTORICAL SCRAPBOOK
Compiled from the historical records of
UNION TITLE INSURANCE AND TRUST COMPANY • SAN DIEGO

The odd-looking contraption pictured above made aviation history in San Diego several decades ago. In this tiny biplane Glenn H. Curtiss made the world's first seaplane flight, taking off from the Spanish Bight between Coronado and North Island and landing by the battleship USS Pennsylvania, anchored in the Coronado Roads.

This photograph, from the historical files of Union Title Insurance and Trust Company, shows Curtiss at the controls of his famous plane.

To pay tribute to this pioneer aviator, the aviation committee of the San Diego Chamber of Commerce staged a ceremony at North Island on the 20th anniversary of the historic flight.

A granite monument was placed in front of the Administration Building at the Naval Air Station bearing the inscription:

"Commemorating the World's First Seaplane Flight, January 26, 1911, by Glenn H. Curtiss. His seaplane was built here and flown from the waters of Spanish Bight, San Diego, California."
